

Students Orientation Session (Winter 2026)

Report of Contributions

Contribution ID: 1

Type: **not specified**

Arrival

Monday, January 5, 2026 9:00 AM (30 minutes)

Meet at Vale Gate

Presenter: LARCHER, Emma

Session Classification: Welcoming events

Contribution ID: 2

Type: **not specified**

Lab Points of Interest

Session Classification: Welcoming events

Contribution ID: 3

Type: **not specified**

SNOLAB Do's and Don'ts

Monday, January 5, 2026 11:15 AM (15 minutes)

Presenter: STODDART, Michael

Session Classification: Welcoming events

Contribution ID: 4

Type: **not specified**

User Support

Presenters: LARCHER, Emma; BERTRAND HOULE, Josée (SNOLAB)

Session Classification: Welcoming events

Contribution ID: 5

Type: **not specified**

Com intro and announcements

Monday, January 5, 2026 12:45 PM (15 minutes)

Presenters: FLYNN, Blaire (SNOLAB); DELOYE, Juliette (SNOLAB); RICHARDSON, Rachel (SNO-LAB)

Session Classification: Welcoming events

Contribution ID: 6

Type: **not specified**

Overview of the Science at SNOLAB

Monday, January 5, 2026 11:45 AM (1 hour)

Presenter: Prof. SEKULA, Stephen (SNOLAB and Queen's University)

Session Classification: Welcoming events

Contribution ID: 7

Type: **not specified**

Orientation with Supervisors

Session Classification: Welcoming events

Contribution ID: 8

Type: **not specified**

Introduction to Particle Physics

Wednesday, January 7, 2026 1:00 PM (1 hour)

Presenter: GOREL, Pierre (SNOLAB)

Session Classification: Lectures

Contribution ID: 9

Type: **not specified**

GNU/Linux for Scientists (or, Spellcasting for Science)

What is GNU/Linux?

How do I engage with GNU/Linux?

Level-1 Shellcasting: files, folders, navigation, and actions

Level-2 Shellcasting: pipes, string manipulation, and knowledge generation

Next steps and outlook

Presenter: Prof. SEKULA, Stephen (SNOLAB and Queen's University)

Session Classification: Lectures

Contribution ID: **10**

Type: **not specified**

SNOLAB Meet and Greet

Monday, January 5, 2026 9:30 AM (1 hour)

Coffee hour with Supervisors, Research Scientist, EDO.

Session Classification: Welcoming events

Contribution ID: **11**

Type: **not specified**

Building Tour

Monday, January 5, 2026 10:30 AM (30 minutes)

Presenter: LARCHER, Emma

Session Classification: Welcoming events

Contribution ID: 12

Type: **not specified**

General Orientation

Monday, January 5, 2026 11:00 AM (15 minutes)

Presenter: LARCHER, Emma

Session Classification: Welcoming events

Contribution ID: 13

Type: **not specified**

Violence and Harassment Awareness and Critical Policies

Monday, January 5, 2026 1:30 PM (1 hour)

Presenter: TEAM, HR

Session Classification: Welcoming events

Contribution ID: 14

Type: **not specified**

Team Building and Ice Breakers

Monday, January 5, 2026 2:30 PM (1h 30m)

Session Classification: Welcoming events

Contribution ID: 15

Type: **not specified**

STMS Training

Tuesday, January 6, 2026 9:00 AM (1 hour)

Presenter: LARCHER, Emma

Session Classification: Welcoming events

Contribution ID: **16**

Type: **not specified**

Fire Extinguisher Training

Tuesday, January 6, 2026 10:00 AM (1 hour)

Presenter: TEAM, EHS

Session Classification: Welcoming events

Contribution ID: 17

Type: **not specified**

Student 101

Monday, January 5, 2026 11:30 AM (15 minutes)

Presenter: RAHIMANI, Sahara

Session Classification: Welcoming events

Contribution ID: **18**

Type: **not specified**

Introduction to Neutrinos

Thursday, January 8, 2026 11:00 AM (1 hour)

Presenter: CADEN, Erica (SNOLAB)

Session Classification: Lectures

Contribution ID: **19**

Type: **not specified**

Introduction to Dark Matter

Tuesday, January 13, 2026 1:00 PM (1 hour)

Presenter: STUKEL, Matthew (SNOLAB)

Session Classification: Lectures

Contribution ID: 20

Type: **not specified**

Introduction to Quantum Computing

Tuesday, January 13, 2026 3:00 PM (1 hour)

Presenter: STUKEL, Matthew (SNOLAB)

Session Classification: Lectures

Contribution ID: **21**

Type: **not specified**

Chemistry at SNOLAB

Wednesday, January 14, 2026 1:00 PM (1 hour)

Presenter: MAGUIRE, Steve

Session Classification: Lectures

Contribution ID: 22

Type: **not specified**

ROOT

Thursday, January 15, 2026 1:00 PM (2 hours)

Presenter: JILLINGS, Christopher (SNOLAB/Laurentian University)

Session Classification: Lectures

Contribution ID: 23

Type: **not specified**

Biology at SNOLAB

Monday, January 12, 2026 2:00 PM (1 hour)

Presenter: LAPOINTE, Michel (NOSM University)

Session Classification: Lectures
