

Dollar Challenge

SNOLAB Education & Outreach

The challenge is simple

Design a demonstration/outreach activity to show a science concept

The challenge is simple

Design a demonstration/outreach activity to show a science concept

But...

Your funds and supplies are limited

Your task

- In groups of 3 – 5 people, design a <3 min science demonstration
- You are limited to the supplies on the supply table
- Supplies come with a cost – you have \$30 to spend
- Be prepared to show off your demonstration
- Awards available!
- Have fun!

In the next 15 minutes:

- Form a group of 3 – 5 people.
 - Aim for 2 people you don't know/normally work with
- Start brainstorming ideas!
- Plan what supplies you need
 - Supplies list available and supplies available for viewing
 - You will have \$30 tomorrow to spend on supplies!

Dollar Challenge

SNOLAB Education & Outreach

Your task

- In groups of 3 – 4 people, design a <5 min science demonstration
- You are limited to the supplies on the supply table
- Supplies come with a cost – you have \$30 to spend
- Be prepared to show off your demonstration
- Awards available!
- Have fun!

Things to include when you present:

- Do you have a fun group or demo name?
- How much money did you 'spend' on your demo?
- What science topic does it cover?
- How would you change it with more/different supplies?
